MAY RUE VOTE.

The women are doing some mighty deep thinking now-a-days, especially those who have sons or brothers liable for military service in event another war should arise. The League of Nations scheme means anyway military police service in foreign lands for American boys and the women folks are decidedly against this. Had this scheme been rushed over the American senate, as was proposed, today there would be from 500,000 to 1,000,000 American boys in Europe, Asia, or anywhere else that was demanded.

This may be called saving the world for democracy, but Americans prefer to save American youth for America, and this does not mean going forth to slaughter, either.

We hope every woman who has a son or brother will vote against the League of Nations idea. If the Republicans had formulated this dangerous scheme, the News would have been as firmly against it as it is now against the pet scheme of the portion of the Democratic party now in the saddle to the sorrow and amazement of those of the party who desire more practical and safer doctrines.

A woman who fails to vote against the League of Nations November 2 will act directly against her own interests and the interests of those she holds dear in this world, and may live to bitterly rue her vote.

There were 104,000 U. S. cavalry horses in the World War, and the following supplies were ordered for EACH: About 9 saddles, 6 halters, 5 nosebags, 4 covers and 2 branding irons, and enough harness was ordered to take 300,000 more hides than the government could procure in a year's time. The branding irons were of most expensive copper, instead of mere iron, and the horses were ordered branded on the hoofs, regardless of the fact that it would soon disappear. The cry was to use all of America's resources and in the matter of leather it was pretty nearly accomplished, leaving the American people to pay enormous prices for the leather goods they had to have.

The South Pittsburg Hustler sarcastically says "Homer Neds," referring to an error in a quotation from Shakespeare made by the News last week. Of course if the Hustler prefers the more forcible expression it is welcome to it, and we acknowledge the error, though we have seen it in politer writers the way we gave it. However the Hustler may now add a new word to the Hustler Unabridged Dictionary, now in preparation, for Shakespeare is not spelled Shakespear nor Shakeapple nor Shakefig.

HARDING'S NEWSPAPER CREED

REMEMBER there are two sides to every question. Get them both.

BE truthful. Get the facts.

MISTAKES are inevitable, but strive for accuracy. I would rather have one story exactly right than a hundred half wrong.

BE decent, be fair, be generous.

BOOST - don't knock.

THERE is good in everybody. Bring out the good in everybody, and never needlessly hurt the feelings of anybody.

I n reporting a political gathering, give the facts, tell the story as it is, not as you would like to have it. Treat all parties alike.

I f there is any politics to be played, we will play it in our Editorial Columns.

TREAT all religious matter reverently.

I f it can possibly avoided never bring ignominy to an innocent man or child in telling of the misdeeds or misfortunes of a relative.

D O NOT wait to be asked, but do it without the asking, and, above all, be clean and never let a dirty word or suggestive story get into type.

I WANT this paper so conducted that it can go into any home without destroying the innocence of any child.

CARDUI HELPED REGAIN STRENGTH

Alabama Lady Was Sick For Three Years, Suffering Pain, Nervous and Depressed—Read Her Own Story of Recovery.

Paint Rock, Ala.—Mrs. C. M. Stegall, of near here, recently related the following interesting account of her recovery: "I was in a weakened condition. I was sick three years in bed, suffering a great deal of pain, weak, nervous, depressed. I was so weak, I couldn't walk across the floor; just had to lay and my little ones do the work. I was almost dead. I tried everything I heard of, and a number of doctors. Still I didn't get any relief. I believe if I hadn't heard of and taken Cardui I would have died. I bought six bottles, after a neighbor told me what it did for her.

"I began to eat and sleep, began to gain my strength and am now well and strong. I haven't had any trouble since. I sure can testify to the good that Cardui did me. I don't think there is a better tonic made and I believe it saved my life."

For over 40 years, thousands of women have used Cardui successfully, in the treatment of many womanly ailments.

If you suffer as these women did, take Cardui. It may help you, too.

HOOPLA! CIRCUS DAY ALMOST HERE

Ringling Bros. and Barnum & Bailey Great Double Shows are Impatiently Awaited.

The world's two most famous circuses now merged into one and headed this way and will exhibit at Chattanooga Friday, Oct. 15.

It would seem as though everybody in this locality were planning to attend. The very name of the great new circus—Ringling Bros. and Barnum & Bailey Combined—has been sufficient to arouse far more interest than has ever before been shown in the coming of any amusement enterprise. And word from the Ringling Brothers, who are the directors of this gigantic circus, is to the effect that those who attend the performances will witness the greatest program ever presented in America. This is likewise true of the mammoth street parade, which will positively take place showday morning, the mammoth menagerie and all else connected with this biggest of all amusement institutions. The famous showmen have made a complete survey of both the great circuses and merged the finest and best into one. Hundreds and hundreds of performers will appear in the gigantic main tent. There will be scores upon scores of the cleverest dumb actors. A gorgeously costumed pageant of stupendous size will open the program. Great companies of characters, representing the best-beloved stories of fable and nursery lore will appear. There will be splendid and many groups of horses in jeweled trappings. The army of clowns exceed all past records for fun and numbers. All contribute to the biggest circus in history.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts thru the Blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F.
